Quality Policy

QUALITY POLICY

Varroc Electronics Romania upholds five key values: Sincerity, Humility, Integrity, and Self-Discipline – SHIPS, which are the foundation of our company.

With these values, we are committed to setting objectives that will meet or exceed our customer requirements, industry regulation, and standards. We execute by designing, producing, and delivering out products, and processes with quality and efficiency.

With our Quality Management System, we encourage a culture of innovation, responsibility and accountability to ensure the continuous improvement of Varroc Electronics Romania.

This policy will drive our mission to become a global leader with high-quality, cost competitive electronics solutions for the automotive, and two-wheeler industry.

POLITICA DE CALITATE

Varroc Electronics Romania sustine cinci valori cheie: Sinceritate, Modestie, Integritate, Pasiune si Auto-Disciplina – SHIPS, acestea stand la fundatia companiei noastre.

In baza acestor valori, ne angajam sa definim obiective care vor respecta si chiar vor depasi cerintele clientului, standardele si reglementarile industriale. Indeplinim aceste obiective proiectand, producand si livrand produsele noastre si procesele cu calitate si eficienta.

Prin Sistemul nostru de Management al Calitatii, incurajam o cultura a inovatiei, responsabilitatii si asumarii acesteia pentru a asigura imbunatatirea continua a Varroc Electronics Romania.

Aceasta politica ne va conduce in misiunea noastra de a deveni un lider global, de calitate ridicata si la costuri competitive, pentru solutii electronice in industria automotiva si doua roti.
